Notes

This list follows in general the order of the "International Missionary Bibliography" in the International Review of Missions. Certain categories, however, have been subdivided and several new ones added.

Most pamphlets have been eliminated. Titles published before 1951 are not included.

Prices listed for United Nations publications are United States prices since these publications may be obtained at the International Documents Service of Columbia University press in New York City.

In as many cases are possible, the place where a foreign publication is more easily obtainable is noted in parentheses at the end of the entry. Friendship Press is the agent for Edinburgh House Press and the World Dominion Press. Student Christian Movement Press publications may be secured from Macmillan, and most Lutterworth Press items, along with many other British publications in missions, may be purchased from Alec R. Allenson, Inc., Chicago.

Reports and Periodicals

Reports and periodicals are not listed. A list of current periodicals may be obtained free of charge upon application to the Library.

Additional copies of this list may be secured at fifty cents each.
